

DECLARATION OF CONFORMITY

Isola hereby confirm that our bitumen shingles are produced according to Isola's internal requirements.

Isola's internal requirements are based on test methods and requirements given in the European product standard:

- NS-EN 544: 2006 *Bitumen shingles with mineral and/or synthetic reinforcements*, Annex ZA.

Isola's production also conforms with the requirements of EN ISO 9001: 2000, see enclosure 1.

Enclosed product documentation:

Isola Roofing Shingles

- Isola Technical data sheet, encl.2
- SINTEF Building & Infrastructure (Norwegian member of EOTA and UEAtc), Høgskoleringen 7, 7491 Trondheim, Norway: SINTEF Technical Approval (Norwegian version), No.2253 valid until June 16, 2010, encl.3
- Materialprüfungsamt Nordrhein-Westfalen (MPA NRW), 59597 Erwitte, Germany: Fire classification of construction products and building elements, Report No. 230004611-2, encl.4
